I hold my ground, reminding myself that I'm playing the long game. This has been three months in the making.

She just doesn't realize how smart and talented she is, or how much better of a life's waiting out there for her...with me. Her dad's 'friend.'

It's low hanging fruit, just waiting to be plucked. All she has to do is reach out and take it. And if she won't, then I'll put it in her hands for her, and give her everything I've got, and the moon on a silver platter, in the process.

The only question is, when will I have to reveal the secret I've been keeping from her.

But I will find a way to make this work when I tell her exactly how this all came about.

Because once she utters that word...Daddy, it hits me like a ton of bricks, and it's all over.

Because this is true love. And that starts and ends with her. My little girl. My everything.

This is a short, steamy daddy romance. No OM / OW drama and no cliffhangers. Always a sweet HEA.
