Renowned marine adventurer Dirk Pitt returns to stem a toxic outbreak in the thrilling novel from the grand master of adventure and #1 New York Times–bestselling author.

While investigating an unexplained poisonous spill in the Caribbean Sea

that may ultimately threaten the United States, Dirk Pitt unwittingly becomes involved in something even more dangerous—a post-Castro power struggle for the control of Cuba. Meanwhile, Pitt’s children, marine engineer Dirk and oceanographer Summer, are on an investigation of their own, chasing an Aztec stone that may reveal the whereabouts of a vast historical Aztec treasure. The problem is, that stone was believed to have been destroyed on the battleship Maine in Havana Harbor in 1898, which brings them both to Cuba as well—and squarely into harm’s way. The whole Pitt family has been in desperate situations before . . . but perhaps never quite as dire as the one facing them now.
