A necklace delivered to the wrong Allison: me. I'm the wrong Allison.

That misplaced gift places a man in my path. A man who instantly consumes me and leads me down a path of dark secrets and intense passion.

Dash Black is a famous, bestselling author, but also a man born into wealth and power. He owns everything around him, every room he enters. He owns me the moment I meet him. He seduces me oh so easily and reveals another side of myself I dared not expose. Until him. Until this intense, wonderful, tormented man shows me another way to live and love. I melt when he kisses me. I shiver when he touches me. And I like when he's in control, especially when I thought I'd never allow anyone that much power over me ever again.

We are two broken people who are somehow whole when we are together, but those secrets—his, and yes, I have mine as well—threaten to shatter all that is right and make it wrong.
