Tiempos De Niebla es una obra compuesta de diversos temas, tomando en cuenta las diferentes circunstancias que acontecen al ser humano, como protagonista principal o indirecto, en torno a todo lo que le rodea. Con seguridad, el lector se sentirá identificado con más de alguno de estos. Resaltan temáticas como: problemas sociales y políticos, superación personal, al igual que la opinión misma de la diversidad de acontecimientos del mundo actual; sin dejar a un lado la poesía romántica y clásica. Además, el autor saca a relucir su fervor patriótico, relatando situaciones propias de su tierra natal El Salvador; retomando como tema central, la guerra civil que sufrió el país, la injusticia social; así como los hechos de la actualidad, principalmente la posguerra, que surge después del año 1992. También puede encontrarse en este libro, como el sentir interno propio de la humanidad, va de la mano con la necesidad de echar fuera, aquellas cosas que afectan la paz y la tranquilidad

personal y universal, como el odio, envidia, hipocresía (más bien como un llamado a la conciencia, para apartar a un lado todo lo negativo).
